

Mueller & Co., LLP Launch ProfitMax Financial Communication Service

Smart Solutions for Entrepreneurs

Elgin, IL, February 13, 2006

Mueller & Co., LLP, a leading financial services company, announced today that they will implement a new client financial monitoring and benchmarking service as part of their ProfitMax Program.

“At Mueller & Co., LLP we are dedicated to helping our business clients better understand their unique challenges and opportunities” said Jim Hare, CPA, Partner at Mueller & Co., LLP. “We were looking for a financial information and communication service that would enable us to review and regularly monitor our clients’ financial information. By implementing a Financial Communication Service into our ProfitMax service offerings, we can easily spot trends at a high level, drill down to the details and proactively advise our clients.”

The ProfitMax program is specifically geared to helping clients build a platform for sustained growth. The Financial Communication Service which is part of ProfitMax provides clients with an easier and more secure way to deliver interim and year-end financial information to Mueller & Co., LLP. The new offering also gives business clients the added benefit of comparing their financial performance to others in their peer group using continually updated Industry Benchmarking analysis.
